

INSTITUTIONAL PROJECTS

WORK TRAINING SCHEME : the students of the 4th year do a work experience with companies, municipalities, tourist agencies, banks and financial institutions , hospitals and schools according to their curriculum for a period of 21 days during the school-year, normally in February.

This is funded by the Chamber of commerce of our town and the municipalities.

The aim is to put into practice what the students have learnt at school and to understand the problems connected to work and its environment.

MY SCHOOL STANDS FOR PEACE

This project consists of classroom activities, work groups related to the issue of human rights. The students also participate in conferences, debates with representatives of Humanitarian organizations (ONLUS, O.N.G) organized by our municipalities (both at local and regional levels) .

In May the students organize a show with music, images, films , poems about PEACE.

They also visit the Sites of memory such as Sarajevo, Risiera di Sant'Abba, The museum of the Foibe) and others.

LANGUAGE CENTRE : It refers to all that is concerned with learning languages. In our school there are 2 language labs and a multimedia lab. The centre offers prep lessons in order to obtain language international certifications (English, French, German and Spanish). We organize courses for adults and teachers who want to improve their knowledge of foreign languages.

Some courses are funded by the region with E.U funds.

EUROPEAN PROJECTS:

COMENIUS (Our school has organized and was responsible for many Comenius projects in recent years)

LEONARDO (it consists of a period of work training scheme for students of the 4th year to be effected abroad) . It is funded by the E.U.

ULISSE: It consists of a study holiday in a European country for students of our province between 15 and 18 years of age. It is funded by the E.U and lasts 3 weeks

CLASS EXCHANGES :

Our school organizes class exchanges with France (Issy Les Moulineaux) and Germany,(Bamberg). In the past we had class exchanges with Northern Ireland , Sweden, Spain, Poland.The students actually go to school in their correspondents' school and live in their house for a week.

E.C.D.L : Courses which prepare the students to take the Computer European driving licence.

ORIENTATION : for students with special needs and all the students who leave school for University or those who are in their first year.

For our last-year students we organize visits to the most famous Universities both at a local level and Universities of other Italian regions. For those who are in their 1st year, we have a program which includes welcome events, common tests in various subjects, guided visits of the school and so on.

In our school we also offer free psychological help for those who need advice and support.

INTERCULTURA .

This program gives students in their 3rd year, the opportunity to spend six months or a whole year abroad studying in a foreign school.

SCHOOL BAND: The school has its own school band. The students receive music and singing lessons. Before the Christmas holiday we have a big concert in our Auditorium with the participation of students, parents and the general public.

E-LEARNING : MOODLE

Moodle is a Course management system, a free Open source software package designed to help educators create effective on-line courses.

The learning processo can be evaluated by teachers through tests.

The objectives of using Moodle is to provide educators and students with tools such as “Forum”, “Wiki”, “Database” and “chat” which can stimulate active learning.
